

# VASILENKO YURII

## FULL-STACK DEVELOPER (REACT, NODE.JS)

As a Full-Stack Developer, I'm proficient in HTML, CSS, JavaScript, React.js, Next.js. I also have hands-on experience with Node.js, Mongoose, PostgreSQL, Express, and building RESTful APIs. I'm familiar with version control systems like Git and follow Agile/Scrum methodologies.

Additionally, I have extensive experience in direct client communication, enabling me to effectively solve business challenges within tight timelines. I possess the adaptability to tackle any unfamiliar task assigned to me, ensuring successful completion.

## WORK EXPERIENCE

### Full-Stack Developer

#### URBSoft.PRO

September 2023 - Nowadays

Collaborated with a team of developers and designers to create an internal website for URBSoft company. Leveraged cutting-edge frontend technologies including React, Next.js, and SCSS, complemented by Node.js for the backend infrastructure. I was involved in developing admin panels and client interfaces for an innovative project related to the utilization of artificial intelligence.

### Full-Stack Developer

#### Kyiv City State Administration

March 2022 - September 2023

I have been involved in the development and maintenance of the company's website. In addition to this, I have contributed to enhancing user experience, optimizing site performance, and implementing new features to meet the evolving needs of the company and its customers.
